### **COURSE CONTENT**

#### **SOCCER**

The soccer course will be comprehensive, covering all elements of the game, from basic techniques through to strategy and tactics. All participants will be expected to take an active role in this element.

All participants will be given the opportunity to play in games against local opposition.

As was pioneered by the Bobby Charlton Soccer School all participants will take part in a number of Skills Challenges. These were initiated by BCSSA and have been adopted by many other famous Soccer Schools. One player from each of BCSSA courses will be selected to compete in BCSSA World International Skills Final which will take place in the Autumn. BCSSA do get many elite players visiting the school and BCSSA most famous past pupil, who won BCSSA Skills Final was David Beckham for whom BCSSA set up a trial with Manchester United.

## **ENGLISH LANGUAGE AND SOCCER**

BCSSA English Language Course is specially designed to give BCSSA players a fantastic holiday and to help them enjoy and confidently use English, using it all day with other students and with native speakers in and around the campus.

Teaching approaches to modern languages has changed enormously in recent years – it's now a lot more fun and a far more rewarding experience !

BCSSA teachers will conduct the English lessons almost entirely in English – which helps students to make progress from the very first lesson and soon grow in the confidence to communicate in English in a variety of social and sporting situations. The English Language lessons wherever possible will be tailored towards football, allowing students to study through a medium they thoroughly enjoy and in which they are both confident and knowledgeable.

Unlike most English Language Schools, at Bobby Charlton's students are encouraged to speak English all day, inside and outside classes. In this way, they not only practice their English, but also make many friends from other countries. This method has proven to be highly effective and boosts confidence.

### **Classes**

An assessment test will be carried out on the first day to assess which level is right for each student's needs. There are five levels of general language tuition. On enrolment, students take a test to find which class is best for them. These are: Elementary, Pre-Intermediate, Intermediate, Upper-Intermediate and Advanced.

Classes are organized so that each student is with others who have a similar standard of English. There are usually 12 students in each group. All BCSSA teachers are experienced, qualified professionals, chosen for their special abilities with younger learners. BCSSA uses interactive techniques such as role play, pair work, and group work in order to maximize student participation. Students have the chance to do a lot of speaking in class, building their confidence to use the language in the throughout the day and evenings.
